## LESLIE WATERS LAUNCHES GOVERNMENT RELATIONS FIRM

Pinellas County - Leslie Waters, a State Legislator from 1998-2006, and Speaker Pro-Tempore of the Florida House of Representatives from 2004-2006, recently launched the new consulting firm of LESLIE WATERS GOVERNMENT RELATIONS (LWGR).

Her firm will focus on activating and energizing professional associations and organizations, non-profits, corporations and companies, boards of directors, and political parties on the importance of getting involved in the political process.

Issue advocacy, media relations, conflict resolution, mediation, consensus building, key-note presentations, campaign oversight and support, political grassroots involvement and other “good government” services will also be available.

“If your organization relies on government money, if you value your profession, and if you want to grow the bottom-line, involvement in the grassroots political process is of crucial importance,” says Leslie Waters. “It is not that difficult, but we all must keep paycheck and profit issues in front of our local, state, and national politicians.”

Leslie Waters’ prior government relations experience with a national company, her international democracy training assignments, her eight years of running successful campaigns, and serving at the top leadership of The Florida Legislature, well qualifies her for this new challenge.

LESLIE WATERS GOVERNMENT RELATIONS and political grassroots consulting will be provided locally, state wide, nationally, and internationally.

Information about LWGR can be found on [www.waterswave.com](http://www.waterswave.com), or call her at 727-546-5644.
